2) It starts with a brief welcome message and explanation of next steps for selecting / changing your room!

As you work your way through the application, you'll click the **NEXT STEP** buttons at the bottom of each page. Please work your way all the way through the application, through your preferences, and through the step where it tells you that your deposit is already paid.

Then, you'll see a **FINISH** button which means you've made it to the end!

Hello! We are happy to see you want to continue to live on campus in 2023-2024.

Step 1 - Apply today! Sign your terms & conditions, and complete your application.

Step 2- Select your room before March 31, 2023. You immediately have the ability to select the room you want to live in next year. (This is encouraged for everybody not currently in the apartments.) You can select rooms on returner / upper-class / LLC floors (if you are eligible).

Interested in an apartment? Students living in the residence halls are still encouraged to select a room; this will not effect your chances at getting assigned to an apartment. Apartment assignments are made by Residence Life in February 2023.

Step 3- Receive information about your room assignment / more information.

Current apartment residents are guaranteed an apartment if they apply by January 31, 2023. Assignments for all remaining apartments spaces are made based on application completion date & time. Anyone who has not selected their room by March 31 will have their room assignment selected for them.

Step 4- Change your room assignment until July 15! We give you the flexibility to change your assignment for any reason; you'll be able to see all available spaces you are eligible for.

Let's get started. Click the NEXT STEP button to begin!

3) You'll review your personal information, update your cell phone number, make changes to emergency contact information, and have the opportunity to identify an optional confidential contact.

Review Your Personal Information

4) We want to know what information you're okay with us sharing with your future roommates / suitemates.

How Can Others Contact You?

Once you have been assigned a room, you'll have access to a Roommate Summary so that you can start communicating with each other.

What information do you want your roommate(s) / suitemate(s) to see?

You may show others my name:	<input type="radio"/> Show <input type="radio"/> Don't Show	*
You may show others my address:	<input type="radio"/> Show <input type="radio"/> Don't Show	*
You may show others my email address:	<input type="radio"/> Show <input type="radio"/> Don't Show	*
You may show others my phone number:	<input type="radio"/> Show <input type="radio"/> Don't Show	*
You may allow potential roommate/suitemates to view how I answer the matching questions:	<input type="radio"/> Show <input type="radio"/> Don't Show	*

*If you choose **Show**, that information will be displayed.

*If you choose **Don't Show**, that information will NOT be displayed.

5) You'll answer the following roommate matching questions. Even though you will have the ability to immediately select your own room, your answers to these questions are helpful when other people are considering selecting a room or changing into a different room. Please answer honestly! You can update these at any time if your preferences change.

Roommate Matching Questions

The following questions are just one component that helps us make compatible roommate assignments. You are able to update these at any time. We want you to have a great experience, so please answer honestly!

6) Food is important and there will be a page where we explain the different options and choices that are available for you to choose. You are required to pick a meal plan and dining dollar option that will be added to your student account prior to the start of the Fall 2023 semester.

Dining Information and Options

Let's talk about food! A meal plan & dining dollars are required for all students living in our residence halls. We have nutritious, delicious food options from which to choose.

We encourage you to visit the [Dining Services website](#) to learn more about menus, locations, hours of operations, special events, and how to contact a staff member if you have questions.

Meal Plans

Meal plans (i.e. meals-per-week) reset every week on Monday and allows access to all of our all-you-care-to-eat dining centers in Blair-Shannon, Garst (between Hutchens and Hammons), and Heitz.

- Unlimited Meals per week
- 19 Meals per week
- 14 Meals per week
- 10 Meals per week

Dining Dollars

Dining dollars are a declining balance - similar to a debit account - and are loaded onto your BearPass ID each semester. These can be used at all dining retail locations like Subway, Starbucks, and more!

You Pay	Bonus	You Get
• \$296	\$29	\$325
• \$228	\$22	\$250
• \$182	\$18	\$200

Please select which meal plan / dining dollar options you want:

MealPlan: Dining Dollars:

You will receive Dining Dollars at the beginning of each the Fall and Spring semesters. Unused dining dollars from Fall 2023 will roll-over to Spring 2024, but any unused dining dollars at the end of Spring 2024 expire. Your meals-per-week Meal Plan resets every Monday.

The most popular choices are the 14-meal plan and \$200 dining dollar package. Please note: meal plans may only be decreased on / before the third week of the semester, but can be increased at any time.

7) Living-Learning Communities are a great way to be more engaged with those around you. You have the opportunity to preference up to 5 residential communities. If you're interested in knowing which buildings certain communities are located in, you can click the link provided.

(If you are excited about specific communities, make sure you preference those buildings when you get to the step later that allows you to do that.)

Living-Learning Communities

Living-learning communities (LLCs) provide opportunities for you to live with students with similar goals and interests. We offer 16 LLCs where students have events planned for you catering to the theme of that community that will enhance your experience living on campus.

If you ARE interested in an LLC, please select up to 5 choices using the dropdown boxes.

If you are NOT interested in an LLC, skip the selection options and click **NEXT STEP** below.

Visit the [LLC Communities website](#) to view full descriptions, eligibility, and building locations for each specific community.

86% of LLC students said that living in an LLC helped them be more academically successful. As a member of an LLC, you'll also enjoy access to exclusive events, opportunities for community service, and connection with faculty, staff, and the Springfield community.

Do you plan to study secondary education & would like to be part of the Future Educators LLC?

Please note that there is limited space in each community! **Preferencing an LLC does not guarantee a room assignment in one of those communities.** If you are unsure if an LLC is for you, please contact the Living-Learning Communities office at 417-836-3234 or at LiveLearn@MissouriState.edu.

8) We have a lot of different types of rooms available and we have a couple questions that will help us know more about the specific types of living arrangements you need and/or are interested in. If you are interested in the apartments, you NEED to check the appropriate box.

Living Preferences

We have a couple questions we would like to ask before you select the buildings in which you are interested in living - we're almost there! Please read the information carefully so you know what you ARE or are NOT selecting as these responses will inform what options you see next.

Are you interested in a PRIVATE BEDROOM?

Students can request a private room in Blair-Shannon, Freddy, Hammons, Heitz, Hutchens, Scholars, Wells, or Woods. It is what we refer to as a **2-person private room**, meaning you would get a traditional 2-person room but completely to yourself. Is this something you want?

By checking the box, I would like to *request a private bedroom, understand that a private room is not guaranteed, and understand the following:*

- If I am assigned to a private room (based on availability):
 - The second set of furniture will remain in the room and is available for me to use.
 - The cost of a 2-person room private room is 1.5 times the rate of a 2-person room.
 - I understand that I will retain the room privately for the entire 2023-2024 academic year.

Do you need and/or want GENDER-INCLUSIVE HOUSING?

Gender-Inclusive Housing assists residents wishing to reside in housing where **gender** of roommates and suitemates is **NOT taken into consideration** when housing is assigned.

Gender-Inclusive Housing is intended to support all residents – especially those who are members of the LGBTQ+ community – who feel they would be more comfortable in a gender-inclusive room, as well as any resident who believes they could provide a welcoming and inclusive space for all gender identities.

Read more about [Gender-Inclusive Housing](#) on our website.

By checking the box, I am requesting gender-inclusive housing, understand that gender will NOT be taken into consideration when my room & roommate assignment is made, and I can provide a welcoming space for all residents.

Interested in living in an APARTMENT?

Our two apartment buildings - [Sunvilla](#) and [Monroe](#) - offer a variety of options and amenities in 1-, 2-, 3- and 4-person apartments. Meal plans are not required in the apartments. You get the experience of living off-campus while still getting the convenience of living on-campus.

Do you CURRENTLY live in Sunvilla or Monroe?

You are guaranteed an apartment if you reapply by January 31, 2023.

Any remaining spaces are assigned based on application completion date & time. You will be notified mid-February 2023 whether or not you get assigned to an apartment for 2023-2024.

Are you NOT interested in an apartment? Skip this section and click **NEXT STEP** below.

To be considered for an apartment, please check the following box.

"If I have already selected a residence hall room, I agree to being re-assigned to an apartment space within my building preferences."

"I am okay with and want a resident of the opposite gender to live in my apartment and I will select them as my preferred roommate."

9) You'll now get to preference your building and room types. If you are interested in the apartments, make sure to preference your apartment options first. We encourage everybody to go ahead and select a room in a residence hall after you finish your application in case you don't end up getting assigned to an apartment when apartment assignments get made in February.

Building & Room Preferences

Now, for what you've been waiting for! You now have the opportunity to tell us the specific building and room types in which you are most interested in living. You must list at least 10 DIFFERENT choices.

- 1) Click the green "+" icon to start each individual selection.
- 2) You can re-order your preferences using the up and down arrows.
- 3) Have you chosen at least 10 choices? Click NEXT STEP below.

**If you have indicated an interest in Living-Learning Communities - please remember they are only located in certain buildings. If you have a strong preference for a specific community, please list that specific building at the top of your preferences.*

***To be able to see private rooms or apartment options (if eligible) - you need to have previously indicated your interest on your application when asked. To change your preferences your preferences at any time, return to the main housing application, and click on "update application preferences". This will allow you to go back through all of your application preferences to make any necessary changes.*

10) Our last questions will ask your t-shirt size, what's most important on your application, and then asking about interest in Hall Council and being contacted by the Disability Resource Center.

Additional Questions

You're almost done! We have a few last questions for you to answer to complete your application preferences.

What is your t-shirt size? *

The most important item on my housing application is the following: *

Roommate Preference - i.e. being assigned with my preferred roommate is more important than the LLCs or building/room type.

Building Preference - i.e. being assigned to my highest preferred building/room type is more important than the LLCs or preferred roommate.

LLC Preference - i.e. being assigned to an LLC is more important than the building/room type or preferred roommate.

I would like to be involved in Hall Council.

Each building has what is called a Hall Council. It is an organization similar to Student Council in high school and has a budget to spend on events, equipment, and other fun / educational things for your specific building.

I would like the Disability Resource Center (DRC) to contact me.

If you anticipate barriers and would like to request a physical / environmental or course accommodation, the DRC can help! You can [contact the Disability Resource Center](#) or fill out their online [Request for Accommodations form](#).

11) As a returning student, you are already compliant with the meningitis requirement so you can disregard this screen and click **NEXT STEP**.

Meningitis Information

As a final reminder, you must have either an approved meningitis record or exemption on file before your application will be considered complete.

***Menactra and Menveo are the only two approved meningitis vaccines.**

Students who have already been vaccinated:

You must submit your medical records to the **Magers Health and Wellness Center** these need to be marked in compliance before your application will be complete. These records can be faxed to Magers Health and Wellness Center at 417-836-4133 or e-mailed to MagersMedicalRecords@MissouriState.edu.

Students wishing to file an exemption:

The medical and religious exemption process information can be found on [Magers Health and Wellness Center website](#).

Each student attending a public institution of higher education in the state of Missouri who lives in on-campus housing must receive the meningococcal vaccine within 5 years of enrollment unless they has a medical or religious exemption.

****Please do NOT email or fax your records to Residence Life. This may delay the processing of your application as records will have to be forwarded to Magers.**
