Preferred Roommate Selection

Please follow the instructions below to ensure you and your friend are doing everything you need to do, from the request to the confirmation!

How to select and confirm your preferred roommate:

1. Select **Create Group** and then **Invite**.
2. **Search** for your preferred roommate by student ID # (i.e. M#) *or* by first & last name; you don't need both. (They **MUST** have a **completed** housing application for you to find them.)
3. Once you find them, click **Select** and then **Finish** to save this roommate request.
4. That person will receive an **email with instructions** on how to accept / deny the request.
5. The preferred roommate request is confirmed when the status says **Leader** or **Member**, *not just Invited*.

<u>John Smith's Group</u>	<u>Roommate</u>	<u>Status</u>

3) It is critical that you make sure to click **FINISH** at the bottom of that page when selecting someone as your preferred roommate. The information will not be saved otherwise.

4) To fully confirm your preferred roommate, make sure everybody is checking their email. Your preferred roommate will not be finalized until they **ACCEPT** their request (information will be sent to them via email).
