WHAT YOU NEED TO KNOW ABOUT THE UNIVERSITY HOUSING POLICY

University Housing Policy

- All single students under 21 years of age who have earned fewer than 27 hours of transferable credit (after high school graduation) are required to live on campus.
- Contracts are binding for the full academic year.
- If the student is a **first-time new in college** student for the upcoming semester, Residence Life **will not count** dual credit courses toward the 27 hours needed.
- Students do not need to live on campus during the summer, even if they are taking a class. However, Residence Life will provide housing for students taking courses over the summer in a designated residence hall if they would like to live on campus.
- Though students are considered transfer students by bringing in at least 24 post high school credit hours, the housing policy **requires 27 successfully completed hours to live off campus**. Residence Life will not count dual credit courses toward the 27 hours needed.
- If the student drops below 6 credit hours but wants to continue living on campus they will need to speak with the Associate Director of Residence Life – Business Services.

Housing Holds Are Placed On...

- Students who do not have a complete housing contract (see page 4), OR
- Students who do not have an approved Exception Request on file.

Housing Holds Are Lifted When...

- Students have completed a housing contract (see page 4), OR
- Request for Exception to the University Housing Policy has been approved.

Housing Holds Effect...

- Registration for the Fall and Spring (but not for the Summer).

DROPPING CLASSES AND STUDENT WITHDRAWALS

Student Withdrawals

- If a student needs to withdraw from Missouri State, their contract requires them to vacate their room within 24 hours.
- The student will need to verify that their courses have been dropped. They do not need to go through the Residence Life office and will simply complete a proper check-out with their Resident Assistant and turn in their keys.
- Students will be refunded a pro-rated amount for housing and meals as long as they withdraw before the final drop deadline.

Roommate Conflicts

- If a student has a roommate complaint, you should encourage them to talk to their Resident Assistant (RA).
- If a student mentions they have visited with their RA and are still having issues with their roommate, you should encourage them to make an appointment with their Hall Director.
- At most times in the semester a room change may be possible. They can log into [My.MissouriState.edu](https://my.missouristate.edu) to request a room change or speak to their Hall Director.

When A Student Is Considering Dropping A Class...

- **Dropping below 6 credit hours means they will need to move off campus** unless they have approval from the Associate Director of Business Services to stay.
- Dropping courses may result in an additional year of being required to live on campus if they do not reach or surpass 27 credit hours during the academic year.
- Consider having a conversation about:
 - ▶ Adding second block classes if applicable.
 - ▶ Additional courses in Spring if dropping in Fall.
 - ▶ Summer course work (see *Pending 27* on page 7).
